Saint Pio of Pietrelcina, one of the greatest saints that has ever lived, was a true miracle worker, who throughout his life brought healing and hope to millions of people.

In February 2016, during the Holy Year of Mercy, the body of Saint Pio of Pietrelcina was exhibited in St. Peter's Basilica in Rome in accordance with Pope Francis' wishes. Following the pontiff's example and in honor of the 130th anniversary of Padre Pio's birth and the 15th anniversary of his canonization, the Saint Pio Foundation organized the first official tour of the relics of Saint Pio in 2017.

Each year since then, the Saint Pio Foundation has continued to sponsor a pilgrimage of his relics with the goals of bringing people closer to God and offering the faithful, who cannot travel to San Giovanni Rotondo or Pietrelcina where Saint Pio lived and died, an opportunity to have a spiritual encounter with him, to pray to him, and to seek his blessings. Sensing his presence today more than ever, there are countless stories of people who have been healed or who have received a miracle as

Saint Padre Pio was born on May 25, 1887 in Pietrelcina, southern Italy. He was tutored privately until his entry to the novitiate of the Capuchin Friars at the age of 15. Of feeble health but strong will, with the help of grace, he completed the required studies and was ordained a priest in 1910. On September 20, 1918 the five wounds of Our Lord's Passion appeared on his body, making him the first stigmatized priest in the history of the Catholic Church. Countless persons were attracted to his confessional and many more received his saintly counsel and spiritual guidance through correspondence. His whole life was marked by long hours of prayer and continual austerity. His letters to his spiritual directors reveal the ineffable suffering, physical and spiritual, which accompanied him all through his life. They also reveal his deep union with God, his burning love for the Blessed Eucharist and Our Blessed Lady. On January 9, 1940, Saint Pio announced his grandiose plans to develop a Home for the Relief of Suffering (the Casa Sollievo della Sofferenza). The Casa opened its doors on May 5, 1956 as a 300 bed facility. Saint Pio considered the Casa Sollievo Della Sofferenza (Casa) his "Work," inspired and blessed by God, to be a haven of relief from suffering for all of God's children in pain in body or soul. Worn out by over half a century of intense suffering and constant apostolic activity in San Giovanni Rotondo, Saint Pio was called to his heavenly reward on September 23, 1968. After a public funeral, which attracted over 100,000 mourners, his body was entombed in the crypt of Our Lady of Grace Church. Increasing numbers flock to his tomb from all parts of the world and many testify to spiritual and temporal graces received.

On December 18, 1997, by the reading of the decree on the heroic virtues, the Holy Father John Paul II declared Padre Pio "Venerable," and on June 16, 2002, over 500,000 Padre Pio devotees gathered in Rome to witness Pope John Paul II proclaim Padre Pio, "**Saint Pio of Pietrelcina**".
